COUNSELLOR
January 2017 start

KTJ is an independent, co-educational school for students aged 3 to 18. Our Primary Day School follows the English National Curriculum and the International Primary Curriculum while our Secondary Boarding School, which is modelled along British lines, offers IGCSE and A Levels.

We are looking for a pastoral counsellor who has the skills, sensitivity and compassion to work with all of our students, who come predominantly from South East Asia. A cultural understanding of the students’ background is essential for this position. As a member of Student Support Services, which values a holistic approach to student well-being, the counsellor would work closely with all staff, especially the boarding staff, school nurse and senior leadership team.

Candidates should be above 25 years old (in keeping with Malaysian visa laws) and have had at least 2 years’ experience.

The School is committed to safeguarding as well as promoting the welfare of its children and young people. All staff and volunteers are expected to share this commitment. The successful applicant will be subject to security vetting.

Please apply via https://apply.uptic.net/school/ktj. Contact details of two referees, one of which should be your immediate superior or line manager, should also be included. Closing date: 19th September, 2016.
