Principal, Dr Glenn Moodie: principal@ktj.edu.my

Head of Sixth Form, Emma Davidson: emmadavidson@ktj.edu.my

Higher Education Counsellor, Susan Renaud: susanrenaud@ktj.edu.my

CEEB Code : 6864222

Introduction

Since 1991, Kolej Tuanku Ja'afar (KTJ) has led the way in high-quality, holistic education with an emphasis on the development of responsible global leaders.

We combine a rigorous academic curriculum with an extensive co-curricular programme, academic enrichment events, leadership opportunities and community service to set our students up for success at university and beyond. Our super-curriculum programme provides our A Level students with relevant enrichment experiences and activities which broadens their horizons and helps to enhance their university applications.

Situated on a lush and green 80-acre campus in the Malaysian countryside, our students have access to a range of impressive sports facilities, including an indoor climbing wall; a 25-metre swimming pool; five outdoor fields for athletics, cricket, hockey, football and rugby; plus outdoor basketball and volleyball courts, tennis courts, squash courts, a running track and a gym.

In 2021 and 2023, KTJ was named the International School of the Year by the Boarding Schools Association (BSA). KTJ also ranked 55th amongst independent and international schools globally in the HSBC Hurun Education Global Highschools list 2023.

The Curriculum

KTJ offers an A Level programme which focuses on those subjects highly desired by top-ranking universities. These facilitating subjects provide students with the skills, knowledge and understanding needed for success in higher education. Most students take four subjects for their AS levels, and continue with three or four subjects in A2 plus AQA's Extended Project Qualification (EPQ).

The A Level subjects offered at KTJ are Accounting, Art, Biology, Chemistry, Chinese Language (AS), Computer Science, Economics, Geography, History, Literature in English, Mathematics, Further Mathematics, Music and Physics.

We also offer extensive support and resources for students' wider academic development, with timetabled classes in IELTS, EPQ, SAT and Study Skills. All A Level students have access to a Higher Education Tutor and dedicated sessions where they work in conjunction with the Sixth Form team to prepare their UCAS personal statements, US application essays, university applications and skills development to set them up well for university, work and wider community engagement.

Super-Curriculum

At the heart of the KTJ A Level programme is the super-curriculum. Through weekly enrichment talks, academic events and university talks, we encourage students to question, investigate and discuss ideas beyond their A Level subjects. We believe that broadening their exposure to enrichment activities beyond the classroom not only develops essential skills, but allows students to discover new passions on their personal journeys of academic exploration. Examples of academic and extra-curricular enrichment include:

- KTJ and Oxbridge Society Malaysia events: Law Moot, Debate Forum and Engineering Workshop
- Weekly enrichment evenings where external and internal speakers are invited to discuss politics, history, culture, science and ethical issues with the students
- Conferences and talks organised by think tanks and community organisations
- University talks and seminars

Students participate in a wide range of sport, music, art, culture and leisure activities, many of which are led by the students themselves. There are also opportunities for students to compete and perform in national and international events and competitions.
